

Let's **Bingo!**

Directions for **adults**

Gather small candy, coins, or pencils for making marks on the cards. Play Bingo by calling out the words and asking kids to define what they mean, or calling out definitions and asking kids to find the words. Make sure kids are getting the right answers before they lay their markers on the cards. Five in a row, any direction is "BINGO." Check the winner's card before ending the round.
